

CBSI Course Catalog

BCCM 505 Computational Chemistry and Small Molecule Drug Discovery

BCCM 515 Protein Homology Modeling

BCCM 525 Computational Protein Design and Engineering

BCCM 698 Research - Literature Review and Project Design

BCCM 699 Research - Project Analysis

BCCM 700 Research - Project Writing

BCCM 701 Research - Project Presentations

BUS 510 Innovation and IP in STEM

BUS 520 Business Design and Lab Operations

BUS 530 Strategic Planning

GRES 601 Graduate School Essentials Seminar 1

GRES 602 Soft Skills to Thrive in Graduate School

GRES 603 Planning for Life after Graduate School
